PUBLIC ANNOUNCEMENT AND INFORMATION DISSEMINATION SYSTEM

Don Bosco College (Co-Ed), Yelagiri Hills has established an effective and multi-channel **Public Announcement and Information Dissemination System** to ensure timely communication with students, faculty, and staff.

The institution utilizes a **LED display installed in front of the Administrative Block** to broadcast important announcements, circulars, academic schedules, events, and institutional updates. Additionally, **television displays installed in the corridors of the Academic Block** are used to share notices, program information, student activities, and awareness messages, ensuring maximum visibility and reach.

Further, the college uses a robust **HiGrade ERP Software** to notify students and staff about academic and administrative information. Circulars, notifications, attendance details, examination updates, and other official communications are disseminated promptly through the ERP system, ensuring direct and reliable information flow.

In addition to digital modes, **physical notice boards** are maintained in the college premises and other prominent locations to display office circulars, information regarding missing items, college events, club activities, and important announcements. These noticeboards are regularly updated by the concerned authorities.

By integrating digital displays, ERP-based communication, and traditional notice boards, the institution ensures **transparent, efficient, and inclusive communication**, supporting smooth academic coordination and administrative functioning across the campus.
