**Guezou Nagar, Yelagiri Hills**

## **ANNUAL REPORT 2016-17**

**College Day – 11th March 2017**

We are privileged to have **Dr. M.A. JAYARAJ**, M.Com., M.Phil., Ph.D., Joint Director of Collegiate Education, Vellore Region, Vellore as the Chief Guest today along with his spouse Mrs. Leoni Clarentia.

Dr. Jayaraj has 36 years of experience and service in the field of higher education. He was the Principal of Government Thirumagal Mills College, Gudiyattam during 2012-2013 and Principal of Muthurangam Government Arts College, Vellore during 2013-2014. In July 2014, he assumed his present responsibility as the Joint Director of Collegiate Education, Vellore Region. As a member of Syndicate, Academic Council, Board of Studies in the University of Madras and Thiruvalluvar University, Finance Committee, Autonomous Committee, Governing Bodies of nine Autonomous Colleges and IQAC, he has rendered remarkable service. As a member of the U.G.C. Autonomous Review Committee, his managerial and advisory skills were brought to the fore. Dr. Jayaraj was given a responsible position of being the Convener and Member of the Principal Selection Committee for various non-minority and self-finance colleges in Vellore Region. A deeply religious person, sincere and dedicated, his relentless and upright services are highly valued and appreciated.

Mrs. Leoni Clarentia is a post-graduate teacher in St Mary's Higher Secondary School, Vellore. It's another Don Bosco environment and she is fully aware of a Salesian Culture. We welcome the revered couple on behalf of the entire Don Bosco. We appreciate and uphold their yeoman service to the society as role models in education.

Don Bosco College owes its existence to Rev. Fr Francis Guezou of happy memory, the Founding Director of Don Bosco Centre. He envisioned a quality higher education institute for the most deserving rural and target youth, not merely to give a degree but make them employable. BICS InfoTech was established in 1998 focusing only on computer education and it

## **Annual Report\_2017**

was elevated as Don Bosco College, affiliated to Thiruvalluvar University as a self-financing institution in the year 2012.

Today the college has 1005 students, out of which 85% are first-generation learners and nearly parents of 75% of them are daily wage labourers. It is a herculean task to achieve the ultimate objective, to qualify them in the university examinations and to make them employable with good communication skill. The educative community strives with dedication and commitment to empower them with qualitative knowledge, practice and experience so as to enable them to be well-integrated persons for career and life.

Presently, the College offers six undergraduate programmes and a Master's programme in Computer Science.

### **A. The Educative Community**

The Management Board of Don Bosco College consists of Rev. Fr Jose Kochamkunnel SDB (Chairman), Dr S. Thaddeus SDB ( Secretary and Principal), Fr Gerard Pinto SDB (Administrator), Fr.T. ## B. Academic Growth Indicators

### f. University Examination Results

Since most of the students hail from first generation learner families and do not have a strong academic background, the performance of the students in university examinations improve gradually from the first semester till the final semester. Many of them lag behind by needing to re-appear for one or more subjects. I

### b. Best Performance Awards

The Best Performance Award instituted in the previous year is reinforced with an out-going boy and an out-going girl from each Class (irrespective of the sections in a Department) with a Certificate of Merit and a Citation. The criteria for selection of students are Academic Performance, Attitude, Leadership qualities, community service, discipline, improvement in communicative English, achievements etc.

Similarly, the best performance award is instituted for the academic associations and youth clubs. This is to motivate the student body to involve actively in extra-curricular and extension activities which is required for their holistic formation.

### c. Teaching-Learning Process

Apart from traditional lecture method, the other methods of learning experience provided to the students include seminars, debates, training programmes, projects, T.V. programmes, LCD, VCD, Lingua phone, Internet, Group Discussion, Power Point Presentation, Problem-based, Inquiry-based, and Activities-based Learning etc. Weekly I.T.Association activities. Assignments, additional lab hours and paper presentation programmes make the learning

student-centered. Learning management system using MOODLE is made as the de facto platform to course management.

#### **d. Professional Education**

To bridge the gap between the industry expectations and the knowledge imparted as curriculum in colleges, and to enable our students to be technically skilled, we at DBCY offer a special education called Professional Education to all the second and third year students of all departments. The second batch of students [2013 batch] passed out successfully and the certificates were printed and distributed to all students. It is noteworthy to see many candidates being appointed as Software and other professionals in IT and IT-enabled industries and this is done even before the publication of UG results.

### **C. Student Support and Progression**

#### **a. Mentoring activity**

- **Mentoring activity** is becoming increasingly important in higher education. Mentoring helps students work smarter, develops key talent, aids personal planning, avoids stress, promotes self-confidence, changes lives and careers. As a professional development tool, mentoring is an effective means of supporting them in their career aspirations.
- Each staff member is assigned with 25 students. They meet every week on the III Day Order. The Mentor has one-one interface meeting with the Mentee, builds trust and confidence, listens to the needs, expectations, aspirations and problems, holds discussion, provides advice and guidance. He then helps them set realistic expectations, create a solid plan of action, and make decisions for achieving their goals. Absolute respect for privacy, honesty and integrity is maintained. Progress made are ascertained in the subsequent meeting and follow up actions are assigned

#### **b. Class Quality Circles**

**Class Quality Circles** have been formed for each class to facilitate learning and to bring about positive changes in teaching-learning process. CQC is a voluntary forum to inculcate habit of working in groups, finding ways for improvement of class room activities, identifying the needs, understanding problems amongst themselves and creating strategies to solve problems. Students are highly motivated and enthusiastic to bring about novelty in cleanliness, discipline, language

rule, self-learning, punctuality, dress code. Periodic meetings are conducted and decisions are made by open discussion and consensus. It is heartening to note that CQC is helping the classmates to improve their vocabulary, to observe language rule, to be punctual, to update their general knowledge, to be aware of the burning issues of our country.

### **c. Career Guidance and Placements**

The College signed an MoU on 1<sup>st</sup> September 2016 with Quest Alliance (Bangalore-based NGO for youth empowerment) through Don Bosco Vazhikaatti, Chennai. The objectives are:

- To introduce final year students to the wide array of occupations, including new jobs created in this ever-changing world-of-work.
- To deepen students' understanding of self and different career pathways.
- To enable students to gather information from various sources to make them aware of educational and career decisions, to learn how to: Clarify their career self-concept, develop Employability skills and Soft skills

MyQuest, an employability and skill development programme is conducted for all final year students (273 in number) with two dedicated staff members.

### **d. Student Empowerment**

Apart from the regular five hours of the curriculum, two hours are set aside daily for the holistic development of the students. Special emphasis is given to technological advancement, language fluency, leadership training, team work and confidence building through Youth Clubs, Association activities and Market-ready courses. These initiatives are geared to provide adequate expertise and exposure to the students ensuring an institute-industry interface.

### **e. Scholarship Schemes**

As a policy, we ensure that no student, who has come under our care, is deprived of education on account of poverty. We spare no efforts to tap resources available for scholarship. The Management supplements the scholarship by way of service scholarship. The services demanded of them to merit the scholarship add to the dignity of labour and character formation more than the case award.

### L. Healthy Practices

- i. Imparting of communication skills in English to our students is a unique feature, which has won the appreciation of the students and parents. The intensive English Course during the I Year and English as the campus language enable our students to acquire fluency in the language which stands them in good stead for the rest of their life.
- ii. Our students involve in various healthy practices in line with the spirit of Don Bosco Institutions. Some of the noteworthy practices are
  - Displaying important and subject related informations in the Notice Board
  - Helping students increase their vocabulary count daily..
  - Maintenance of discipline in the class.

- Keeping the class rooms neat and clean.
- Conducting Reading Practices

### **a. Remedial Coaching**

The slow learners are identified and extra support is provided by the staff by way of notes, or additional classes, or providing additional resources so that they may benefit and perform better in the exams

### **b. Support for Fast Learners**

Fast learners are identified and based on their interest, staff support them by way of additional courses/classes on certain topics and thus help them to acquire not just the knowledge but also the skills required to survive in the industry

## **M. Conclusion**

As we have gathered to celebrate the Fifth College Day, let us be proud that our country is entering a golden age for higher education. Many progressive steps taken in 12th, 13<sup>th</sup> and 14th Five Year Plans are bearing fruit. The country is emerging to be a role model for high-quality affordable educational systems. India is the single largest provider of global talent, with one in four graduates in the world being a product of the Indian system. India will have the largest population in the world, in the higher education age 2030. Industry and services sectors in India would require a gross incremental workforce of 250 million by 2030. India could potentially emerge as a global supplier of skilled manpower. Given the expected socio-2030, India would need a robust higher education system. A differentiated system of institutions with differing objectives and focus areas would be critical. FICCI (Federation of Indian Chambers of Commerce and Industries) that envisions Higher Education 2030 for the country proposes three types of institutions.

- Foundation Institutions which provide holistic education to Indian rural masses imparting skills essential for the local industry/community.
- Career- focussed Institutions which offer technical/professional courses, with a focus on producing industry-ready graduates.
- High-quality institutions with research and innovation as the prime focus.

## **Annual Report\_2017**

I wish that Don Bosco College grows to be a blend of all the three as we are placed in an exclusive setting. It is a foundation institution now, by virtue of the University degree programmes that are offered. It is a career-focussed institution, by the thrust of multiple professional education courses. A few niche areas for research in technology and its applications are being identified. Having a foundation of more than fifteen years that made employability the hall mark of our education system, this national vision for higher education should be attainable hands on.

To conclude, it is my duty to place on record the commitment and unstinted support of the entire Salesian Community. The total functioning of the college be it morning assembly, examination, meeting, transport or any event is fully administered by Fr Sathinathan, the Vice Principal, supported by Fr Joseph Kamalesh, the Dean of Student Welfare. May God bless their generosity and dedication to the Mission!

We are blessed with a good team of heads of the departments, faculty members and administrative staff. They contribute their mite to the good of the students and the college. We thank and appreciate all staff members of the college.

And finally, thanks to the entire student community and their parents for their trust in us, positive response to the educative system of Don Bosco and cooperating with us to create a better world and life for them as God's children and good citizens.

Thank you once again dear Dr Jayaraj and Mrs Leoni for your august presence with us and enlightenment as role model for all of us.

Thanks to every friend, well-wisher, parent and relatives of the students gathered here.
